## Rhythm Jam

### Group Assignment:

1. Compose 4 (or 5 if you have 5 group members) rhythm patterns using only ♩ ♪♪ and ♩.
2. Each group member must write one pattern below.
3. Each group member must memorize their pattern.
4. Decide on the form of your composition. (How does it start? Who comes in when? How does it end?)
5. Practice clapping and saying your composition. Then practice just clapping it.
6. When all of the above steps are completed, you may use instruments. All groups should use a xylophone, rhythm sticks, a drum, and another percussion instrument of your choice. Xylophones should just play on F & C.

**Reminders:** Make sure you only have 4 beats in each measure.  
You must be able to accurately play what you compose.
