

## “Stomp Out Loud” Worksheet

NAME: \_\_\_\_\_

### **DIRECTIONS:**

*Answer the following questions while you watch the movie. Use the back of this sheet if you need more room*

1. Remember that there are no extra sounds backstage that someone is making. All the sounds come from what you see. Name some of the "instruments" you hear.
2. Does it look like they are having fun? Do you think it is always fun, or do you think they get tired of it sometimes?
3. These are all the finished performances we see. What do you think the practices look like? How long do you think their practices take?
4. If you could make your own “Stomp” scene – what would you use as instruments? Be creative!!!
5. What other comments or ideas do you have about STOMP?
